

## Participant Release Form

I \_\_\_\_\_ do hereby verify and affirm I am, of my own free will, participating in the Peruvian Shaman Ayahuasca Ceremony. I understand there are potential risks, including death.

I affirm with my signature below I have not been coerced or manipulated in any manner. My participation is my sole decision without reservation. My reason for entering into this ceremony is to explore, by my own decision, an ancient native American ritual.

I have become informed from material I have exposed myself to - both on the internet and printed materials - of the details of the Ayahuasca Ceremony and resulting experience(s). I have discussed this with Jerry Wills to learn of his experiences with Ayahuasca. I understand Jerry Wills is not a shaman, nor claims to be an expert in the use of Ayahuasca. I do not have any questions.

I agree that before entering into the Ayahuasca Ceremony that I will first ask the Native American Shaman for permission to participate as a willing member of this ceremony, and shall only participate once the shaman leading, directing, overseeing the ceremony has granted me permission.

I am a legal adult \_\_\_\_\_ years old, accept full responsibility for my decision, and for all I experience before, during and after the use of Ayahuasca as the result of my decision to participate.

I waive all rights, and completely release from any responsibility, and/or resolve my rights to legal action against, Jerry Wills, Kathy Wills, The Amazon Rainforest Lodge, its owner(s), managers, or anyone affiliated with this experience should any unforeseen circumstances arise affecting my health, or general well being, in any way.

With my signature below I affirm and verify I have (1) read this agreement to release, (2) I understand all that is written here, and (3) I completely agree to the terms and conditions stated.
